GUIDELINES REGARDING DENTAL INSURANCE

Our fees for services are the same for all patients whether or not they have a dental insurance program. As a courtesy to our patients we will be happy to complete and submit your insurance carrier forms for dental treatment.

There is a great variety in the types of dental insurances offered. Various programs cover as little as 30% and as much as 80%. Almost every dental plan has a provision for limiting dollar disbursement by the insurance company for covered services. Rarely is it covered 100%.

Please understand that this office does not determine the benefits to be derived under your policy. We cannot be responsible for the structuring of the plan. This is a pre-determined situation agreed upon between your employer and the insurance carrier.

Insurance is a contract between you as the policyholder and the company. We are not an insurance company, but will do all we can to help you collect legitimate claims. Since our services are rendered for you at your request, in the event your insurance carrier is slow to pay or for some reason disallows the claim, payment of the account is your responsibility. Financial arrangements are to be made with our office prior to commencement of treatment. We will furnish information needed to fill all referrals, but ask that these be submitted by the insured. Our payment is due from the insured at the time of visit.

In order for our office to apply for insurance benefits on your behalf, we ask that you provide us with the following:

1. A signed "Insurance Authorization of Signature" for which we will provide for you. This way you will need to bring only one completed insurance claim form, which will be used as a master.
2. The insured's date of birth, social security number, ID number, name and address of employer, occupation, policy number, plan or group number, whichever is applicable.

FOR YOUR CONVENIENCE THE FOLLOWING PROGRAMS ARE AVAILABLE TO HELP PLAN YOUR DENTAL INVESTMENT:

Plan 1: PAYMENT AT THE TIME OF SERVICE FOR ALL FEES TO DATE: Cash, Check, Mastercard, Visa, and money orders are accepted.

Plan 2: All charges are due and payable at time of service. A finance charge of 1.5% (annual 19% will be applied to any unpaid balance after 60 days).

MOST MAJOR DENTAL PLANS ARE ACCEPTED

Financial/Insurance/Appointment Agreement

I authorize the office of EPAD to release any information including the diagnosis and the records of any treatment or examination rendered, to my dependents, or me during the period of such dental care to third party payers. I authorize and request my insurance company to pay directly to EPAD dental insurance benefits otherwise payable to me.

The office of EPAD only submits dental insurance claims and only accepts insurance payments from dental insurance plans and companies. If you believe treatment of diagnosis should be billed to any other type of insurance, we will provide you with copies of the dental insurance forms that you can submit to the insurance of your choice. Payment from these claims will be sent to you. Additionally, payment for these services is to be paid at the time of service. Before submitting any insurance claim, please consult an attorney or insurance professional to avoid committing insurance fraud.

If the patient has two or more dental insurances, your account balance will be due after the primary insurance has been paid. The secondary dental insurance will reimburse the insured subscriber.

According to PA State law, all insurance claims are to be paid within 45 days of receipt of the insurance claim. I understand that any outstanding insurance balance that is due over 60 days will become my financial responsibility.

A parent or legal guardian (as determined by an order of the court) or person/persons with permission from parent or legal guardian, must accompany the patient to all appointments and show proof of identity. Upon arrival, please check in with a receptionist.

A broken appointment is an appointment that is canceled with less than 24 hours notice to the scheduled appointment. Any appointment that the patient and the parent/legal guardian are not present for shall be considered a broken appointment. **I acknowledge there is a fee of \$50 for each broken appointment.**

Any unpaid balance due (as listed on a billing statement), not paid within 28 days of the monthly billing date, will be assessed a late charge of 1.5% each month. I realize that failure to keep this account current may result in my children being unable to receive additional dental services except for dental emergencies or when there is pre-payment for additional services. In the default on payment of this account (payment due over 60 days), I agree to pay additional collection cost (33% of the unpaid balance), postage, attorney and court fees incurred in attempting to collect on this amount or any future outstanding balances.

Consent for Fluoride Treatment

Fluoride is effective in preventing and reversing the early signs of dental caries (tooth decay). Researchers have shown that there are several ways through which fluoride achieves its decay-preventative effects. It makes the tooth structure stronger, so teeth are more resistant to acid attacks. Fluoride also acts to repair, or re-mineralize, areas in which acid attacks have already begun. The re-mineralization effect of fluoride is important because it reverses the early decay process as well as creating a tooth surface that is more resistant to decay.

Most insurance companies cover fluoride treatment twice a year, however some insurance companies are only paid for a once a year application.

I have been informed of all of the alternatives to fluoride.

PLEASE CHOOSE ONE (1) OF THE FOLLOWING:

I, _____ give my consent to apply fluoride treatment TWICE a year. I agree that if my insurance company does not pay for the second application, that I am financially responsible for payment.

I, _____ give my consent to apply fluoride treatment only once a year.

I, _____ do not wish fluoride treatment to be applied at any time.
